Special Notes:

InBark would like to make your dog as comfortable as possible while you are away. In addition to a morning and evening walk, your dog will receive lots of park playtime with other InBark guests, as well as one on one attention during their stay with us - right up to being tucked in with a goodnight kiss. Here are a few items that might make your dog even more comfortable:

- Your dog's food** - changing diets can cause stomach problems.
- Your dog's bed** - we are happy to provide bedding for our guests, but there's nothing like sleeping in your own bed.
- A blanket or t-shirt from home** - your dog can cuddle up with familiar scents for a better night's sleep.
- Treats** - if your dog is used to getting a milk bone after a walk or a chewy during naptime, please include the treats. If there is a favorite toy, that's fine too. We like to keep things as close to your regular routine as possible.
- Your dog's medication** - we are happy to administer medication at no additional charge. Please be sure to label the medication with clear instructions.
